**Mission Statement**

The mission of the West Mifflin Area School District is to provide all students with a quality education in a safe and caring environment. We achieve this mission by encouraging students to develop their maximum potential and to value lifelong learning. We are dedicated to enabling students to be responsible, contributing, and ethical citizens.

**Student Rights**

Students have legal rights as persons and citizens, students may not be deprived of what the law gives them. These rights include the right to an education, the right to express their opinions, and the right to be free from invidious discrimination. They also have human rights as persons and participants in the educational community. These rights include the right to be treated with dignity by other participants and the right to contribute to the educational process.

**Student Responsibilities**

Student responsibilities include regular school attendance, conscientious effort in classroom work, and conformance to school rules and regulations. No student has the right to interfere with the education of his/her fellow students. Students share with the administration and faculty a responsibility to develop a climate within the school that is conducive to learning. It is the responsibility of each student to respect the rights of all who are involved in the educational process. Students should express their ideas and opinions in a respectful manner so as not to offend or slander others.

The students' responsibilities are to:

- Be aware of all rules and regulations for student behavior and conduct themselves appropriately
- Dress and groom so as to meet fair standards of safety, health, and common standards of decency.
- Assume that until a rule is waived, altered, or repealed it is in full effect.
- Assist the school staff in running a safe school for all students enrolled therein.
- Be aware and comply with state and local laws.
- Protect and take care of school property.
- Attend school daily, except when excused, and be on time for all classes and other school functions.
- Make all necessary arrangements for making up work when absent from school.
- Avoid inaccuracies in student newspapers or publications and avoid indecent or obscene language and topics that incite student unrest.
- Refrain from using disrespectful, indecent, or obscene gestures or language in direct contact with other persons.
- Act in a responsible manner at all school events at our school and when visiting other facilities.
- Give your best effort in all classes and maximize learning opportunities.

**Assembly Programs**

Assembly programs are an important part of school life. Good conduct during the assemblies is required. This conduct will be based on good manners and consideration of those participating. Whistling, booing, and other forms of expression that are in poor taste will not be tolerated. Inappropriate behavior during, or prior to the
assembly may lead to exclusion of the program. Students who do not meet behavioral and academic expectations may be withheld from assemblies.

Attendance
Regular and punctual attendance is important to the success of a student’s school career. Absences from school are listed as excused and unexcused. If a student does not present an excuse written by the parent/guardian to the homeroom teacher within three days of the absence to the homeroom teacher, the absence will be designated as an unexcused absence. Any student whose absence falls into the excused absence category may have the opportunity to complete any assignments upon returning to school. A doctor’s note is required after 10 absences from school.

Excused Absences
- Illness, death in the family, court appearance
- Family emergency, religious holiday
- Medical appointments
- Absences of students as approved by the administration (other than urgent reasons)
- Approved educational trips (See Educational trips)

Unexcused Absences
- Truancy/illegal employment
- Parental neglect/missed bus, overslept
- Teachers may assign an “F” grade for work missed when a student is absent unexcused.
- Repeated unexcused absences will result in a referral to magistrate court.

Written Excuse
For all excusable absences, a parent/guardian must send a written statement explaining the reason for the absence. The excuse must be given to the homeroom teacher within two days of the absence. The excuse will be filed for attendance records. Any excuse brought in after two school days is automatically recorded on the student’s record as unexcused.

Sample Excuse:
Student’s name: __________ Homeroom: ________
Date(s) of absence: ________________
Reason for absence: ________________
Print Parent Name: ________________
Parent Signature: __________________
Phone Number: ____________________
Date student returned to school: _______

Tardiness
Exceptions for tardiness are:
- Severe weather conditions
- School bus transportation difficulties
- Personal accident or illness
- Parents must sign in your child or it will result in an unexcused tardy (TU)!
- Five-TU = Conference with Counselor
- Ten-TU = After school Detention
- Fifteen-TU = Saturday Detention
Schools must create attendance improvement plans prior to referring truancy to the courts. A school attendance improvement conference is defined as a conference where the child’s absences and reasons for the absences are examined in an effort to improve attendance with or without additional services. The conference will include the following individuals:

- Student
- Person in parental relation to the student
- Recommended service providers

The school must hold the conference even if the parent or guardian declines to participate or fails to attend after the school provides advance written notice and makes attempts to communicate via telephone. A legal requirement does not exist for either the student or parent to attend the conference. The school must document the outcome of any attendance improvement in the improvement plan.

**Backpacks**

Backpacks may be used to carry school materials to and from school. Backpacks must be placed and left in the students’ locked locker during the school day. The only exception is for gym clothes. A child may use a gym bag when they have gym class only. All backpacks will be subject to search upon entering the building and/or in AM.

**Bullying Policy**

The district is committed to providing a safe, positive learning environment for district students. The district recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. Bullying of a student by another student is strictly prohibited on school property, in school buildings, on school busses, and at school-sponsored events and/or activities whether occurring on or off campus. Bullying is when a student repeatedly and intentionally says or does mean or hurtful things to another person. Bullying shall mean unwelcome verbal, written or physical conduct directed at a student by another student(s) that has the intent and effect of:

1. Physically harming a student (e.g. hitting, kicking, spitting, pushing, and invading one’s personal space in an aggressive manner).
2. Damaging, extorting or taking a student’s personal property.
3. Placing a student in reasonable fear of physical harm.
4. Placing a student in emotional unrest by spreading rumors, manipulating social relationships or environment, engaging in social exclusion, extortion, intimidation and ridicule.
5. Cyber-bullying: forms of verbal and psychological bullying may also occur on the Internet through e-mail, instant messaging, or personal profile websites including any and all forms of social media.
6. Creating an intimidating or hostile environment that substantially interferes with a student’s educational opportunities.
7. Creating verbal statements or written remarks that are taunting, malicious, threatening or sexual.
8. Any form of intimidation or harassment through use of cell or telephones, including text message and or calling.

2. Parental conference.
3. Loss of school privileges.
4. Transfer to another school building, classroom or school bus.
5. Exclusion from school-sponsored activities.
6. Detention.
7. Suspension.
8. Expulsion.
9. Counseling/Therapy outside of school.
10. Referral to law enforcement officials.

**Bus Regulations**

Bus transportation is a privilege. The principal will suspend bus privileges of any student not following the rules. Additional disciplinary action may also be imposed. The safety of all students to and from school is somewhat dependent on an understanding and cooperative effort of parents, students, school bus drivers and school personnel.

Parents are urged to caution their children to obey the following rules:

- Students must obey bus drivers promptly as they are in full charge of buses and pupils while in transit.
- Students must stay off the roadway at all times while waiting for buses.
- Students must cross in front of the bus when crossing a highway.
- Students must wait until the bus comes to a complete stop before attempting to enter or exit the bus.

- Any student damaging a bus may be suspended from riding the bus and is subject to repair costs.

- Students may only ride the bus to which they have been assigned by the district.
- Requests to temporarily ride another bus must be made in writing from a parent and approved by an administrator.
- Bus students may not walk home, to doctor’s appointments, activities, or another student’s home without written permission from a parent.
- Any transportation request must be submitted to the office for approval no later than the morning of the request.
- All school rules apply to and from the home to the bus stop. Failure to abide by any of the above rules will result in disciplinary action.

**Cafeteria**

Breakfast and lunch will now be provided to **ALL students at no cost**. However, all students will still need an account to receive breakfast and lunch. You may set up an account for your child via the district website- [https://www.schoolcafe.com/](https://www.schoolcafe.com/). Children with food allergies should notify the office as soon as possible.

- Cooperation with all SSR procedures

All items sold in school must have the permission of the sponsor and principal. These items must be district approved fundraisers. No food or drink may be sold during breakfast/lunch periods. Failure to comply with these rules will result in loss of privilege or disciplinary actions.

Cell Phones/Electronic Devices

Cell phones/electronic devices are a disruption to the educational process. If parents need to forward a message to their child during the school day, please contact the office. When ill, students must see the nurse, who will contact the parents. Students are not allowed to contact their parents via their cell phones.

Students are not permitted to use nor possess cell phones/electronic devices during the school day. All devices should remain in locker. Devices that are in sight, ring or vibrate during the school day will be confiscated. Refusal to hand over the device will be an automatic suspension.

1st Violation – The cell phone is confiscated and turned into the office. Phone will be returned – dismissal. It is the responsibility of the child to notify parents after the first violation.

2nd Violation - The cell phone is confiscated and turned into the office. Student will be assigned after school detention. Parent/Guardian will be contacted to pick up the phone. Phone will be returned to Parent/Guardian ONLY.

3rd Violation- The cell phone is confiscated and turned into the office. Student will be assigned Saturday Detention. Parent/Guardian will be contacted to pick up the phone. Phone will be returned to Parent/Guardian ONLY.

5th Violation Future violations will result in suspension from school.

*Any student taking pictures or videos and placing them on social media are subject to disciplinary actions at the discretion of school administrators.
**Cheating/Plagiarism**
Academic dishonesty involves stealing something from another source and not giving credit to the source. It includes, but is not limited to, copying another’s homework, submitting someone else’s work as the student’s own, copying any part of another’s work without proper attribution, using or attempting to use unauthorized aids during a test or other academic exercise intended for assessment or evaluation purposes. Students will be required to redo the assignment/project. A student who violates this policy shall be subject to appropriate disciplinary action which may include: Student conference, Parent Contact, Removal of Privileges, Afterschool Detention, Saturday Detention, In-School Reflection and/or Out of School Suspension.

**Child Abuse**
The Child Protective Services Law in Pennsylvania requires all school employees to report suspected child abuse. When the principal and the school nurse have reasonable cause to suspect that a child may have been abused, the principal must notify the Childline and Abuse Registry and Allegheny County Children and Youth Services. It is not the responsibility of school officials to determine if there has been abuse or neglect. The principal may permit authorized personnel from the Department of Public Welfare or Child Protective Services to interview the student at school without prior parental consent if the suspected abuser is unknown or may be the parents. If the student has suffered injuries so severe that immediate medical attention is needed, the principal will call the police and/or paramedics to take the child to the hospital. The police will investigate the matter if the suspected child abuse involves law violations under the Crimes Code.

**Code of Conduct**
All pupils are expected to abide by the necessary discipline regulations since they facilitate the operation of the educational process. These regulations are in effect during the school day, at all school-sponsored activities, and on school buses.

**Confidential Communications**

A. Use of a student’s confidential communications to school personnel in legal proceedings is governed by statues and regulations appropriate to the proceeding.

B. Information received in confidence from a student may be revealed to the student’s parents, the principal or other appropriate authority where the health, welfare, or safety of the student or other persons is clearly in jeopardy.

**Computer/Internet Use**
The district reserves the right to monitor any Internet usage and any electronic communication. Users of the WMASD technologies should not have an expectation of privacy in the materials that are created, sent, or received by them on the WMASD systems. To the extent allowed by laws and regulations, WMASD authorized personnel may examine all material stored on WMASD systems without prior notice. Messages that are created, sent, and/or received using the WMASD email system are the property of the West Mifflin Area School District. The West Mifflin Area School District reserves the right to access and disclose the contents of all messages created, sent, and/or received using the email system. **The Board establishes that use of the Internet, Network, email and equipment is a privilege not a right. Inappropriate, unauthorized and illegal use may result in the cancellation of those privileges and appropriate disciplinary action.**

For more information on the internet policy please see The Acceptable Use of Internet and Technology Policy (815) [https://www.boarddocs.com/pa/wmif/Board.nsf/Public?open&id=policies#](https://www.boarddocs.com/pa/wmif/Board.nsf/Public?open&id=policies#)
*Any student that has downloaded any inappropriate materials or has unauthorized materials on their laptop is subject to disciplinary actions. The West Mifflin School District has the right to check any and all school issued computers.

Course of Studies

The Middle School program tries to provide experiences that match student abilities and interests. The course of studies also includes certain experiences required by the state of Pennsylvania. Parents, teachers, and counselors will help to choose the best set of experiences for each student. If changes in a schedule are recommended, parents will be asked to discuss the changes with the guidance counselor.

COVID-19

In addition, the Pennsylvania Department of Health executive order requires universal face coverings for all individuals age 2 or older. This is for the safety of our students, staff and community to avoid the spread of COVID-19. Face coverings are defined as coverings of the nose and mouth that are secured to the head with ties, straps, or loops over the ears, or wrapped around the lower face. Face coverings can be made of a variety of materials including cotton, silk, or linen. It can include a plastic face shield that covers the nose and mouth.

The West Mifflin Area School District expects that all students and staff adhere to the facial covering policy. This expectation is strongly endorsed by each of the West Mifflin Area School District healthcare leadership experts. The only exception to this order is for those with restrictions due to medical conditions. These instances should be extremely rare, as those with respiratory conditions are likely able to wear a face shield as opposed to a mask.

- Cough
- Shortness of breath or difficulty breathing
- Chills
- Repeated shaking with chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell

Dress Code

The school permits a wide variety of clothing to be worn in school. However, that does not mean that all styles are appropriate. We rely upon the students and parents to exercise good judgment in choosing clothing that is not disruptive to the orderly process of education. The school board has established a dress code guideline, Policy #221.1, for middle school students. No student shall wear any apparel or jewelry that by words, signs, pictures, or any combination thereof appearing on the clothing or jewelry that advocates sexual activity or violence, or the use of drugs, tobacco, alcohol, or demeans or degrades another because of race, sex, religious persuasion, national origin, handicap or disability. The prohibition shall be in effect during regular school hours and at any school-sponsored activity. Students are not permitted to write on school property or themselves during the school day.

Clothing Students who arrive to school in clothing that violates this dress code will be taken aside and presented with the option of having a parent bring a change of clothes or to change into garments available at school. We prefer that the students comply with the regulations and arrive at school properly attired and ask for parents’ cooperation in this matter. Repeated violations will result in disciplinary action.

**Early Dismissals**

Requests for an early dismissal, stating the specific reason, must be made in writing by a parent/guardian and presented to the student’s homeroom teacher on the morning of the dismissal. Parents must come into the office and sign the student out. If returning, the parent must come into the office and sign-in the student. Students will not be sent home without first contacting the parent.

**Educational Trips**

Educational vacations will be ruled excused if it is the opinion of the building administrator a vacation does have educational value and the following procedure is followed:

A. The parent submits the WMASD Vacation request form at two weeks prior to departure. Forms available in the office and on the website.
B. Educational trips will not be approved during the first two weeks of school, the last two weeks of school, and during standardized testing weeks.
C. The student obtains an approval from the building administrator to present to teachers in order to obtain assignments prior to the absence.
D. All academic work is completed within a time period not exceeding the number of days absent as a result of the trip. Requests will be granted one time per year for no more than five school days.
E. If the student is absent for more than allowable, the absences will be marked unexcused.

*Vacations will not be approved during Standardized testing windows.

**Emergency Information for Sudden Illness or Injury**

The Health Office maintains Emergency Contact/Release Information for each student. This information facilitates the care of an ill or injured student as well as provides health office staff with routine contact and release information. Only those persons, (including parents/guardians), indicated on this document will be contacted and can give permission for the student to leave the building. It is essential that parents keep this information current. Facilities are available for temporary care only. Parents should develop a plan that would allow their child to be picked up from school within a half hour of notification of an illness or an injury. To update your child’s Emergency Contact/Release Information go to the Parent Dashboard under Account Preferences. Families with more than one Dashboard account should contact their child’s Health Office to update.

**Extracurricular Activities**
The athletic program is based on instruction and participation for the greatest number of students interested in the program. A program of interscholastic athletic activities for boys and girls is available in grades seven and eight. The Middle School is a member of the SHASDA (South Hills Area School District Association) league.

**Academic Eligibility:** In order to be eligible to participate in extracurricular activities, including athletics, a pupil must have passed at least three of the five CORE subjects during the previous grading period. The student must also achieve a minimum GPA of 1.5. **Physical education does not calculate into the GPA.** An ineligible student will not be permitted to participate in regulated competition with the team or activity for 15 school days pending improvement. Academic eligibility then continues on a weekly basis. For fall sports/activities, the final GPA from the previous year is used to determine eligibility.

**Attendance Eligibility:** In order to be eligible to participate in extracurricular activities including athletics, a pupil must not be absent or tardy more than nineteen and one-half days in any one semester. When accumulating twenty absences in any semester, the student shall be declared ineligible for participation in extracurricular activities for a period of sixty school days. **To attend after school activities, students must be in school prior to 12:45PM.**

**Physical Eligibility:** School district policy requires one physical examination per year for all student athletes unless there is an injury. In the event of an injury, the athlete must be examined prior to participating in the same sport or in another sport.

**Participant’s Responsibility:** Students involved in a sport or extracurricular activity which prevents them from attending class must report to the teacher for the homework, or to turn in assignments for that day. **You are not excused from the assignment.** Students are also expected to meet an acceptable level of behavior during school, during practice and at all competitions. Student athletes must represent our school and team in a respectable manner. Failure to do so will result in a temporary or permanent loss of this privilege.

**Field Trips**

Field trips, when used as a device for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program. Students on field trips remain under the supervision and responsibility of the WMASD Board and are subject to its rules and regulations.

*Any student on the 1.5 list is not permitted to attend any after school activities which includes: sporting events, dances, field trips, or any non-educational after school activity.*

*Any student suspended for 3 days or more or 5 days of ISR is not permitted to attend any after school activities, sports, cheerleading and/or field trips for the semester in which they have been suspended or received ISR.*

*Students attending after school events must complete form signed by parents or they will not be allowed to attend. Form is located in the back of the handbook*

**Food and Beverages in School**

Students must consume all food and beverages with the exception of water in the cafeteria, including food or beverages brought from home unless given permission and supervised by a teacher. Food or beverages that are dropped or spilled in the building create serious litter and health problems. Delivery of food to school is prohibited unless under the supervision of a staff member. Students are not permitted to sell food in school unless the sale is part of an administratively approved fundraising activity.

**Food and Environmental Allergies**
Because of the increasing number of children with food related allergies/restrictions, food provided for school sanctioned events should not contain nuts or peanut products. Additionally, food that is brought to school or dropped off by a parent/guardian for lunch may only be consumed by his/her own child. Students are not permitted to share food due to allergy concerns. A health and safety procedure is established for all students with life threatening allergies. Foods sold in the cafeterias are clearly labeled. Students are responsible for choosing their food purchases.

**Freedom of Expression**

A. Students have the right to express themselves unless such expression materially and substantially interferes with the educational process, threatens immediate harm to the welfare of the school or community, encourages unlawful activity, or interferes with another individual's rights.

B. Students may use publications, handbills, announcements, assemblies, group meetings, buttons, armbands, and other means of common communication, provided that the use of public-school communications facilities shall be in accordance with the regulations of the authority in charge of those facilities.

   1. Students have the responsibility to obey laws governing libel and obscenity and to be aware of the full meaning of their expression.
   
   2. Students have the responsibility to be aware of the feelings and opinions of others and to give others a fair opportunity to express their views.

C. Identification of the individual student or at least one responsible person in a student group may be required on any posted or distributed materials.

D. School officials may require students to submit for prior approval a copy of all materials to be displayed, posted or distributed on school property.

E. Bulletin boards shall conform with the following:

   1. School authorities may restrict the use of certain bulletin boards.
   
   2. Bulletin board space shall be provided for the use of students and student organizations.
   
   3. School officials may require that notices or other communications be officially dated before posting, and that such materials be removed after a prescribed reasonable time to assure full access to the bulletin boards.

F. School newspapers and publications shall conform with the following:

   1. Students have a right and are as free as editors of other newspapers to report the news and to editorialize within the provisions in paragraphs (4) and (5).
   
   2. School officials shall supervise student newspapers published with school equipment, remove obscene or libelous material and edit other material that would cause a substantial disruption or interference with school activities.
   
   3. School officials may not censor or restrict material simply because it is critical of the school or its administration.
   
   4. Prior approval procedures regarding copy for school newspapers shall identify the individual to whom the material is to be submitted and shall establish a limitation on the time required to make
a decision. If the prescribed time for approval elapses without a decision, the material shall be considered authorized for distribution.

5. Students who are not members of the newspaper staff shall have access to its pages. Written criteria for submission of material by non-staff members shall be developed and distributed to all students.

G. The wearing of buttons, badges, or armbands shall be permitted as another form of expression within the restrictions listed in sub-section (c).

H. School officials may set forth the time and place of distribution of materials so that distribution would not materially or substantially interfere with the requirements of appropriate discipline in the operation of the school.
   1. A proper time and place set for distribution is one which would give the students the opportunity to reach fellow students.
   2. The place of such activity may be restricted to permit the normal flow of traffic within the school and at exterior doors.

I. School officials should adopt and publish guidelines for student use of school facilities and equipment.

J. The constitutional right of freedom of speech guarantees the freedom of public-school students to publish materials on their own.
   1. The school has no responsibility to assist students or to provide facilities in the publishing of such materials.
   2. The students themselves have sole responsibility for any statements published.
   3. Approval procedures must be followed prior to distribution or display of materials on school property. See subsection (a).

All excuses, early dismissal requests should be given to the homeroom teacher. Anytime your child is not in Homeroom our automated phone system will call your home. Please make sure accurate numbers are submitted to the office.
Homework

Students are assigned homework to reinforce the material presented in class. Homework is used to verify the ability to put into practice skills learned in class. Parents should check with their children every day to ensure assignments are completed and ready to return to school. Lockers must be locked. All students will be issued a school combination lock. Personal locks are not acceptable. **A LOST LOCK COSTS $7.00.**

*Each Grade level will determine locker usage that will best meet the needs of the students’ and their schedules. Locker usage will be outlined during the first day of school and the rules set forth by the grade levels will be reinforced by the office.*

School Safety and Property – Searches

The policy concerning criminal activity by students on school property, search of the student or a locker, and periodic searches of student lockers, shall be as follows:

1. It is prohibited for any students, while at school, to possess on his or her person or in a locker/storage or to use in any manner or to sell any substance, item, or device, the use, possession, or sale of which is a crime under the laws of Pennsylvania.
2. Any building administrator or teacher who reasonably suspects that a student has in his passion on the school property or sells or uses on school property an illegal material, shall proceed as follows:

   a. Since by law an administrator or teacher stands in the place of a parent to the students in the school, the matter or incident should be referred immediately to the building principal with an explanation of what facts led to the conclusions that the student possess, uses, or sells illegal matter.

   b. The principal shall then confront the student privately with the facts as related to the principal and ask the student to consent to a search of his person and/or locker.

   c. The principal shall be persistent in his request, and if necessary, insist upon the search.

   d. If the student uses force to resist, the police should be called.

   e. When a search is made of a student or his/her locker, at least one other teacher or school official should be present.

   f. Prior to a locker search, the District will make every effort to notify and given an opportunity for students to be present. However, where school authorities have a reasonable suspicion that the locker contains materials which pose a threat to the health, safety and welfare of students in the school, student lockers may be searched without prior warning even if the student is not notified or present.

   g. Student lockers and storage space will also be subject to “canine sniff search.”

   h. If illegal material is found, it should be confiscated, marked in some identifying manner in the presence of the student, if possible, and that of at least one other teacher, and then held in a safe place for delivery to the police. An attempt should then be made by the principal to notify the student’s parents.

   i. If illegal material is found and marked, the police should be called immediately and advised of the matter and all material should be delivered immediately to the police.

3. Unannounced blanket searches of all student lockers may be conducted whenever the principal deems necessary. Any illegal material or evidence of the commission of a crime, shall, after identification, be confiscated and turned over to the police with a complete report.

4. Reasonable suspicion, while difficulty of definition, is defined as a conclusion arrived at by a reasonable, prudent, and conscientious mind, from facts at hand; it is not caused by such improper motives as dislike for the student or malice, but only from the facts which are known. If the logically, rationally and in exercise of good sense, lead a reasonable, prudent, and discreet person to conclude that a student has legal material on school property or on his person, but there must be a fair and conscientious consideration of only the facts that are known.

5. All school personnel shall cooperate with the police in every manner possible in carrying out this policy.

School Safety and Property – Video Surveillance Cameras

All students, parents and staff are advised that as a public-school facility, students, staff, parents and building visitors do not have a right to expect privacy in connection with their actions and activities while in, on, or about the school facilities. In an effort to increase school security, provide safety for students, staff and building visitors, and to reduce vandalism and theft, many areas of the Middle School, both internal and external shall be subject to observation and monitoring by video cameras. The tapes of such observations shall be available for use by the school district, school police and administrative staff, if necessary to enforce the law and the provisions of school district policy.
School Safety and Property - Visitors

All visitors will be admitted through the security entrance located in the front of the building.

The school district is responsible for student welfare: during instructional hours of the school day, during instructional hours on district property, in school district vehicles at events before, during and/or after school when directly supervised by school authorities, while at the bus stop in the morning and until they reach home in the afternoon. Therefore, it is vital for students to follow school rules.

It shall be a violation of this policy for any member of the district staff to harass a student through conduct or communications of a sexual nature as defined: Sexual harassment shall consist of unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal or physical conduct of a sexual nature when made by any member of the school staff to a student, when made by any member of the school staff to another staff member or when made by any student to another student when:

3. Such conduct has the purpose or effect of substantially interfering with an individual’s academic or professional performance or creating an intimidating, hostile, or offensive employment or education environment.

Sexual harassment, as defined above, may include, but is not limited to the following: verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implications; unwelcome touching; suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning one’s grades, job, etc.

Any person who alleges sexual harassment by any staff member or student in the district may use the district’s complaint procedure or may complain directly to his/her immediate supervisor, building principal, guidance counselor or other individual designated to receive such complaints. Filing of a complaint or otherwise reporting sexual harassment will not reflect upon the individual’s status nor will it affect future employment, grades or work assignments.

The right to confidentiality, both of the complainant and of the accused, will be respected consistent with the district’s legal obligations, and with the necessity to investigate allegations of misconduct and to take corrective action when this conduct has occurred. A substantiated charge against a staff member in the district shall subject such staff member to disciplinary action, including discharge. A substantiated charge against a student in the school district shall subject a student to student disciplinary action including suspension or expulsion, consistent with the student discipline code.

Student Assistance Program (SAP)

The purpose of the Student Assistance Program (SAP) is to identify students who are experiencing significant personal problems that may place their academic success at risk. Examples of problems might include: substance use (drug/alcohol), depression, suicidal 28 thoughts, and other crisis situations. The goals of the SAP are to develop an atmosphere of trust in which students will seek help from support team members; to assure students that problems are resolvable with help from professionals; and to acquire necessary counseling services for students in need before problems reach a crisis level. Title 1

We are a Title I school, meaning, we receive federal funding to supplement our programs to help children. Our schools run a School wide program (SWP) so that we can use the funding to enrich the academic experience for all children within the school. Each year, we will hold meetings to discuss the SWP and our plans to help children learn. As a parent you are entitled to specific rights, such as the Right to Know explained in this section of the handbook. We also value your feedback. At our meetings, we will ask for your input as to how to improve our program. Your feedback is very important to us as we work together to maximize your child’s education.

Title I Complaint Resolution Policy

The No Child Left Behind Act of 2001 (NCLB) legislation requires State Educational Agencies (SEAs) to adopt written procedures for “receiving and resolving any complaint alleging violations of the law in administration of programs.” In accordance with this legislative requirement, the Pennsylvania Department of Education (PDE) has also required Local Educational Agencies (LEAs) to adopt written procedures for resolving complaints filed.

Definition

A “complaint” is a written, signed statement filed by an individual or an organization. It must include:

a) A statement that a school has violated a requirement of federal statute or regulation that applies to Title I.
b) The facts on which the statement is based.
c) Information on any discussions, meetings or correspondence with a school regarding the complaint.

Complaint Resolution Procedures

1) Referral – Complaints against schools should be referred to the District’s Federal/State Programs Office:

        Brian Plichta - Federal/State Programs Director
        764 Beverly Road
        West Mifflin, PA  15122

2) Notice to School – The Federal/State Programs Office will notify the school Superintendent and Principal that a complaint has been received. A copy of the complaint will be given to the Superintendent and Principal with directions given for the Principal to respond.

3) Investigation – After receiving the Principal’s response, the Federal/State Programs Office, along with the Superintendent, will determine whether further investigation is necessary. If necessary, the Federal/State Programs Director and the Superintendent may do an onsite investigation at the school.
4) **Opportunity to Present Evidence** – The Federal/State Programs Director may provide for the complainant and the Principal to present evidence.

Right to Know

Parent Right to Know Information as Required by The Elementary and Secondary Education Act (ESEA) [Section 1112(e)(1)(A)] and Every Student Succeeds Act [Section 1112(e)(1)(A)]

Your child attends one of the elementary schools within West Mifflin Area School District which receives Federal Title I funds to assist students in meeting state achievement standards. Throughout the school year, we will be providing you with important information about this law and your child’s education. This letter lets you know about your right to request information about the qualifications of the classroom staff working with your child.

We, the West Mifflin Area School District, are very proud of our teachers and feel they are ready for the coming school year and are prepared to give your child a high-quality education. As a Title I school, we must meet federal regulations related to teacher qualifications as defined in ESEA. These regulations allow you to learn more about your child’s teachers’ training and credentials. We are happy to provide this information to you.

At any time, you may ask:

- Whether the teacher met state qualifications and certification requirements for the grade level and subject he/she is teaching,
- Whether the teacher received an emergency or conditional certificate through which state qualifications were waived, and
- What undergraduate or graduate degrees the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration.

You may also ask whether your child receives help from a paraprofessional. If your child receives this assistance, we can provide you with information about the paraprofessional’s qualifications.

Every Student Succeeds Act (ESSA) which was signed into law in December 2015 and reauthorizes the Elementary and Secondary Education Act of 1956 (ESEA) includes additionally right to know requests. At any time, parents and family members can request:

- Information on policies regarding student participation in assessments and procedures for opting out, and
- Information on required assessments that include subject matter tested,
o purpose of the test,
o source of the requirement (if applicable),
o amount of time it takes students to complete the test, and
o time and format of disseminating results.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals meet applicable Pennsylvania state requirements.

If you have any questions about your child’s assignment to a teacher or paraprofessional, please contact your child’s principal.

Teacher Certification

On December 10, 2015 a new Federal education law was signed by the President. This law, every Student Succeeds Act (ESSA), requires schools that receive federal Title I funding ensure that all teachers teaching in a program supported with Title I funding must hold appropriate state certification and licensure requirements, including any requirements for certification obtained through alternative routes to certification.

The new law also requires us to notify parents if their child is being taught for four or more consecutive weeks by a teacher in a Title I school or program who does not yet meet the definition of “appropriate state certification.” It is the intent of every school in the district to employ highly qualified teachers to provide the best education possible for your child. A highly qualified teacher has attained the required certification and demonstrates the skills necessary to help every child attain high academic standards.

It is sometimes necessary to employ and place skilled teachers in positions for which they do not hold required certification due to shortage of qualified teacher candidates. If our school is ever in this situation, to comply with the law, you will receive a letter notifying you after four or more consecutive weeks.
