

SUMMER ROBOTICS & STEAM CAMPS

POWERED BY TESLA. INSPIRED BY YOU!

FIRST LEGO League Camp

June 14 – 18, 2021

8:00am – 11:15am or 12:00pm – 3:15pm

For students going into grades 4 - 6. Whether you've been on an FLL team in the past, are considering being on a team in the future or just enjoy creating with LEGOs, this camp is for you. Using the *LEGO EV3 Robotics kit*, students will participate in robotic challenges throughout the week. Based on FIRST LEGO League's (www.firstinspires.org) competitions, FLL Camp is a great way to learn teamwork, robotic design, and programming in a fun, exciting atmosphere where anything goes and creativity is the name of the game.

24 student limit per session. Cost: \$40.00

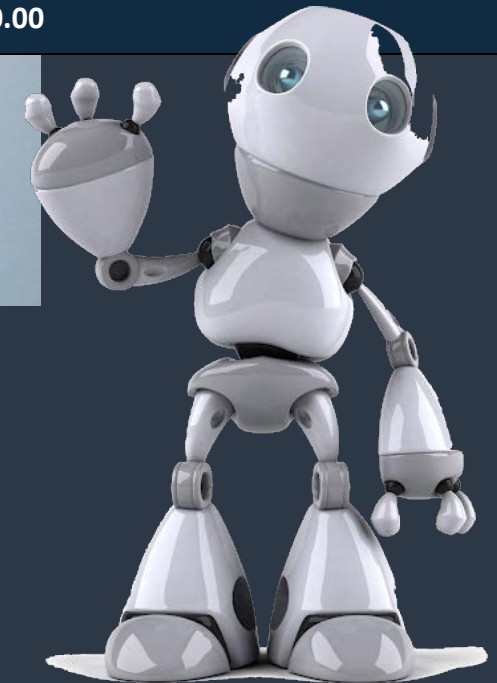

STEAM Camp

June 21 – 25, 2021

8:00am – 11:30am or 12:00pm – 3:30pm

Designed for budding young inventors going into grades 6 – 9 who like to tinker, create and take things apart to see how they work, this week-long camp will introduce participants to the excitement and innovation of engineering and design. Through a series of hands-on, mind-challenging activities, students learn how to make ideas come to life. Participants will learn about the design process, engage in several destructive design challenges, and create take-home projects using CNC routers, lasers, and 3D printers.

24 student limit per session. Cost: \$40.00
